blue badge application reference: [REDACTED]

Dear Sir/Madam,

thanks for your letter dated 3<sup>rd</sup> May 2022, regarding my application. Against my will, I am to inform you that your letter contains false and offensive statements, for which I am considering taking legal action against the people making those statements.

The main false statement is: "... you were observed by an Assessor to walk normally at a steady pace, with no hesitation or difficulty, towards Cavendish Place." I am to ask you to provide me with the name of this assumed Assessor, because I am keen to bring him/her to the court for defamation/slander in public duties. After my assessment I went into my car, parked in St 'leonards Road direction st. Anne's Road (Job Centre), my car was parked very close to St. Mary's House.

The second main false statement regards the fact that my consultant and the Hurstwood Park (were I had my last health visit), and they told me that you have never called them. If you are right in this case, it means that Hurstwood may have allowed an unauthorized person to carry out medical activities in their facility. but I'm afraid I'm forced to believe Husrtwood Park's first situation, where you have never called them.

Also all other statements are false. All the information I communicated to you in my previous letter of 22<sup>nd</sup> April 2022 are still live until my further notice.

I am unhappy with your service because I understand that the release/renewal is at the discretion of your department, but a "We don't want to release it" was acceptable instead of inventing numerous false statements. I feel it is in public interest to send a copy of this letter to LGO Advice Team and You are to provide with the assessor you mentioned in your letter by 15 days of the date of this letter, as I want to take him/her to the court.

Thanks

Best Ragards
